

TRACK

1932 marks the start of "track" in Teaneck. Under the supervision of Mr. Dvorak and Mr. Guier, who coached track and field events respectively, a fairly well devised team was formed.

The team was captained by Jack Gothard and managed by Richard Habel, assisted by Franz Uber.

Of the seven scheduled meets, two have already taken place. Although both were defeats, Teaneck did very well.

The team was expected to compete in the Princeton Alumni Meet which was held in the latter part of May.

The trackmen are as follows:
