Or split dates and figs and insert little rools of the cream. Coat some of the balls with melted chocolate. In others insert blanched almonds or filberts. COURSES OF STUDY

Bergen Junior College takes care of four different types of students:
(1) The student who wishes to continue and secure an A.B. or B.S. degree;
(2) the student who wishes to take only two years of work and secure a diploma;
(3) the student who wishes to complete a semi-professional course such as Accounting, Art, Dramatics, Photography, Secretarial Work, Medical - Secretarial Work, Business Administration, Comptometry, Home Making, Laboratory Technician, Music;
(4) the student who wishes to take pre-medicine, pre-law, pre-dentistry, pre-engineering, pre-teaching or pre-nursing.

The college is especially noted for its educational student body—sixty percent boys—whose nucleus is drawn from Bergen County, noted for its fine citizenship; (2) a faculty which in training and experience is second to none in the United States; (3) its equipment which is brand new and absolutely modern. Dormitories are located on the campus, of cottage type supervised by faculty members. The rooms are new, with latest furnishings and modern facilities. Food is prepared under the direction of Mrs. Reed, who makes new and tasty dishes her hobby.

The Bergen College campus includes twenty-two acres landscaped by Peter Henderson forty years ago. Trees, shrubs and grounds are mature now and unsurpassed in beauty.
