### **THREE HACKENSACK YOUNG MEN INTERNES IN SAME HOSPITAL**

Dr. Thomas L. Caldrony, of North Hackensack, a recent graduate of Bellevue Medical College, became connected with the General hospital in Paterson yesterday in the capacity of interne. Having completed his prescribed course of study at college, Dr. Caldrony will now be one of the interne staff for the coming year. His advent at the institution makes the third member of the staff of internes who are residents of Hackensack. His associates there are Dr. Curtis and Dr. Sarla, both of Hackensack, who have preceded him by a few weeks. The three were classmates at Hackensack high school before taking up the study of medicine.
