The Math Club offers an opportunity for math students to engage in extra research work and to receive aid from the instructor in the solution of more difficult problems.

Problems are offered for solution to the entire group and are then explained thoroughly by the instructor. This work produced a wider scope of mathematical knowledge than daily class work offers.

The very successful chess team of Teaneck High School is considered the unofficial champion of New Jersey. In the club there are a first and a second team which compete with other schools. During its matches in the last two years, Teaneck's chess team has been undefeated. The unsung heroes of the school hope to continue their fine record in the future.

Standing (L. to R.): H. Wieren, R. Flackman, F. Gary, R. Lowrie, K. Williams, C. Carlson, S. Willis, P. Dietrich, H. Locatelli. Seated (L. to R.): W. Ayre, C. Lee, J. Abrahamson, R. Cafarelli.

HUMBERT LOCATELLI, *President*
ROBERT CAFARELLI
Vice-President
KENNETH WILLIAMS,
Secretary-Treasurer
