EDNA MAU

Are you sorry to leave high school? Why?

Yes, because all the friends I've made in the last few years will be going to different parts of the country, and I won't be able to see much of them.

What characteristics make the ideal boy?

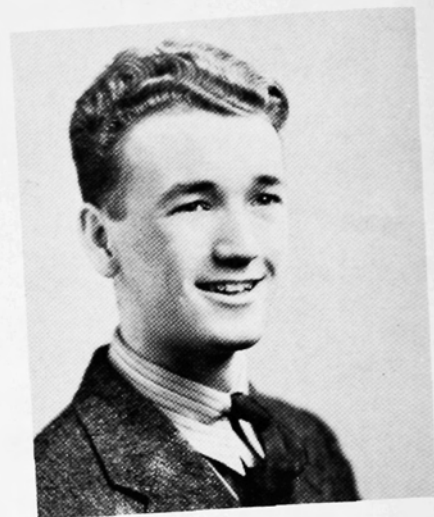

I think that the ideal boy is truthful, sincere, well-mannered, has a sense of humor, makes a neat appearance, has poise, and knows how to act at all times.

JACK HERMAN

What characteristics make the ideal girl?

The ideal girl should be about five feet four inches in height, have blonde hair, have brown eyes, and be pretty. She should have a nice personality, be quite compatible, be a good dancer and be a good sport.

What public question interests you most? Why?

European conflicts interest me the most, for if Europe is over-run with dictatorial governments, we over here are bound to be affected. The threat of communism is great now, and it may spread to many sections of the world.
