THIS year the Kamera Klub, because of the several different interests of its members, was divided into two sections: a beginners' section and an advanced section. Frank Chase, one of our post-graduates, headed the advanced; and Mr. Trend, club sponsor, headed the beginners' section. The advanced was made up of those boys who had been in the club before and who were well acquainted with photography. The beginners' section was composed of those who were just learning the fundamentals of photography. Mr. Trend instructed the boys in these fundamentals, such as the taking and development of pictures. The advanced section helped the Hi-Way in taking pictures for the annual and also helped other school organizations.

Any time anyone heard soft steps creeping up behind him, he could almost be sure it was one of the Kamera Klub members with his trusty candid.

The officers for 1939-40 were: Ernest Lorenzen, President; Ryland Robbins, Secretary-Treasurer.
