

STUDENT SERVICE

With one of the toughest problems that any student patrol has ever had to face due to the overcrowded conditions, the Student Service calmly set to work, and throughout the course of the year achieved quite an excellent record for service.

The Student Service served the first part of the year under Arthur Sachtleben, and when he resigned, Charles Heinen stepped in and finished the job.

Robert Misfeldt, who acted as lieutenant during the latter part of the year, did excellent work on the various patrols, and was captain of the third period squad. Other captains were Florence Metz, Walter Andrews, William Schneider and Ruth Wetmore.

Mr. Galanti was Faculty Adviser of the Service. He and Mr. Kroner were a distinct help to the Service, whenever they needed backing in matters of discipline.

The Service had squads that took care of the traffic in the halls, the assemblies, the social functions, and any other matter that came up that required discipline.

George Bergner and Paul Santee were outstanding as captains of the Senior and Junior Assembly squads.
