

A TRIBUTE TO CLIFFORD WOLFF

A TRIBUTE to Clifford Wolff who was the outstanding athlete at R. P. for 1932-1933 is fitting at this time as Cliff is finishing a sparkling four year career as leader and athlete for the scarlet and white.

He has been honored in basketball by being named on the first All-County team for the third consecutive year. Besides this distinction, he has been named as the first choice for the N. N. J. League center for as many years.

Cliff has been the Park's outstanding gridder, scintillating in the back-field as a triple threat. He has been right at the top as high scorer in the county for three years. During his accumulation of four letters in football, basketball, and baseball he was not once substituted for, always being in the thick of the fight—on the spot, so to speak, turning in one fine game after another, season after season, serving his full-time and Alma Mater—a truly fine record, unselfishly compiled, to inspire future athletes at ole R. P.

BASIS OF LETTER AWARDS

LETTERS are presented to boys who participate in at least half the games of football, averaging half a game. Gold footballs are presented to boys who have earned their letters two years or their letters as a Senior.

In basketball a boy must participate in at least half the games of the schedule or have been a regular on the second team which has an undefeated record. The boy must contribute substantially to the success of the varsity.

Baseball boys eligible for letters must have played at least half the innings of the schedule, except the pitcher or catcher who must have pitched or caught for at least twenty-seven innings.

Track and field awards are made when boys have scored a minimum of ten points in dual meets or a point or more in the N. N. J. League Championship Meet. A boy must compete in all meets to be eligible.

Boys in all sports must finish out the season with the squad and conduct themselves as loyal Parkers and good sportsmen.

Letter Men

Berge Aslanian
